

## Master of Science in Education – Administration

The Education Administration concentration is designed to meet the current and changing administrative needs of the public and private schools in Virginia and surrounding states. It incorporates the Virginia Licensure Regulations for School Personnel and the approved program standards of Virginia.

New cohorts are established annually in September. The program operates on a three-term system. A candidate can graduate in two years if they remain on schedule. Shenandoah University supports graduate study at the Masters level through a substantial tuition discount.
