Graduate Assistantship Application**

We are currently accepting applications for graduate assistantships from eligible MBA students. In order to be eligible for an assistantship you must be a full-time MBA student and you must have passed all the foundation courses you were required to take. Submitted applications will be reviewed by the school's Graduate Admissions Committee. If you're awarded an assistantship it can be either a half or full assistantship. A half assistantship would require you to work 10 hours a week, would cover half of your tuition (4.5 credits) and pay you a small stipend. A full assistantship would require 20 hours of work a week and cover your full tuition (9 credits).
