

How to Connect External Webcams and Mics

1. Open the Zoom Application and select "Settings"

- Settings will be in the top right-hand corner before you begin your Zoom meeting
- Settings can be accessed through "Video Settings" or "Speaker Settings" after you begin your Zoom Meeting

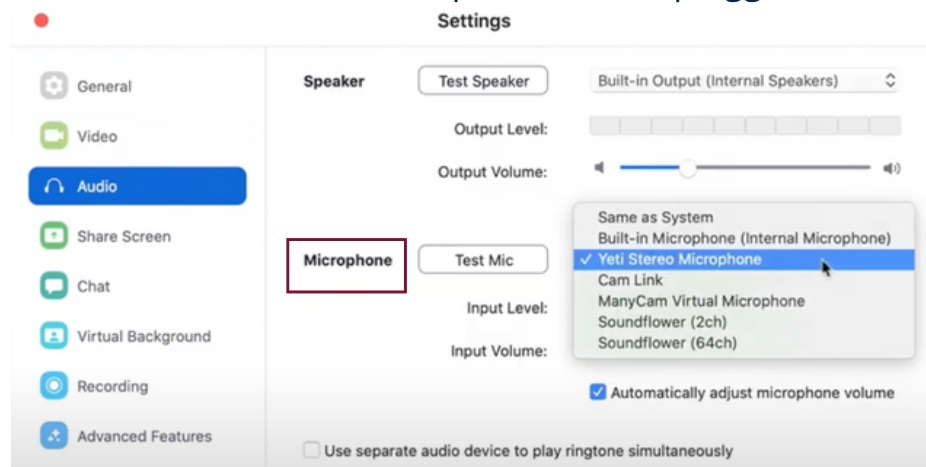

2. Connect to an External Webcam by selecting "Video" and then select the "Camera" needed

- Zoom requires external cameras and microphones to be plugged into a computer via USB cable.

3. Connect to an External Mic by selecting "Audio" and then select the "Microphone" needed

- Zoom requires external cameras and microphones to be plugged into a computer via USB cable.

Each Classroom at Shenandoah University will have a stationary external webcams for educators to use and connect to Zoom. These webcams are to remain in the classroom at all times. If you are in need of a personal external webcam, please contact act@su.edu.
