

Master of Science in Nursing: Family Nurse Practitioner

A synchronous online, part-time, 2.5-year professional degree program (48 credits)

PROGRAM DESCRIPTION

The Master of Science in Nursing (MSN) Family Nurse Practitioner (FNP) program is designed to provide the bachelor's level educated nurse with the necessary knowledge, skills, values, meanings, and experiences to assume the role of a primary health care provider in a variety of clinical settings. Didactic and clinical course content focuses on the assessment and management of health promotion and health maintenance strategies, risk reduction, common acute and chronic alterations in health status for individuals and families across the lifespan. Upon successful completion of the program, the student will be eligible to take the national certification exam given by either the American Nurses Credentialing Center (ANCC) or the American Academy of Nurse Practitioners (AANP).

FREQUENTLY ASKED QUESTIONS

Review our full FAQ section [on our program page](#).

- How long will it take to complete the program?**
 MSN students typically graduate in seven semesters (including summers).
- How does Shenandoah help with clinical placements?**
 Clinical placement is a collaborative process between the student and the faculty. We try to customize the clinical experience to your needs and wants as much as possible. We have current articulation agreements with several sites but will also look at starting up new contracts with sites if you have a relationship with them already.
- Do applicants need a Virginia RN license?**
 You will need a license in the state where you will practice your clinicals. A multi-state license is recommended if possible.
