**SHENANDOAH**<sup>®</sup>  
UNIVERSITY  
Division of Education & Leadership

An Online, Part-time, One-Year Certificate Program (12 credit hours)

## PROGRAM DESCRIPTION

The Professional Studies Certificate in Gifted Education prepares teachers to implement best practices in gifted and talented instruction through collaboration, reflection, critical thinking, coaching, data analysis and authentic assessments. This program is designed to meet the current and changing needs of regional teachers and school systems as they strive to upgrade professional skills and teaching effectiveness. This certificate program is flexible enough to adapt to individual school or teacher needs. It is also designed to meet Virginia endorsement add-on requirements in Gifted Education. This certificate program is a teacher-oriented and inquiry-centered program that addresses the complex field of giftedness by offering four-core gifted courses for all participants in the program. These courses use research-based best practices to inform the teachers' decisions, provide guidance in addressing problems they will encounter in educational roles, and present opportunities to effect change in the environment in which they work. The program is developed so a student may begin with any of the four courses.
