DIVISION OF ATHLETIC TRAINING

The mission of Shenandoah University Master of Science in Athletic Training (MSAT) is to educate and empower students to be leaders who deliver evidence-based, ethical and equitable care in an evolving healthcare environment. Additionally, the Division of Athletic Training provides interdisciplinary graduate certificates for healthcare professionals in the emerging practice areas of performing arts medicine and esports medicine.

The Shenandoah University MSAT Program is accredited by the Commission on Accreditation of Athletic Training Education (CAATE).

Students who complete the program are prepared to sit for the Board of Certification (BOC) Examination. Graduates consistently achieve over 98% first-time passing of the board examination

FACILITIES

The Pruitt Health & Life Sciences Building opened in fall 2014; the building anchors the south corner of main campus, providing a state-of-the-art facility for the natural sciences and health care education.

The James R. Wilkins Athletic Center is the home of the Shenandoah basketball, volleyball, and track & field teams which offers student-athletes the opportunity to practice, train and receive treatment in all conditions. This facility includes several basketball and volleyball courts, a 6-lane track and a satellite athletic training area.

MASTER OF SCIENCE IN ATHLETIC TRAINING CURRICULUM
