Mr. Tony Worthington  
HR Generalist  
Walgreen Co.  
200 Wilmot Road  
Deerfield, IL 60015

Dear Mr. Worthington,

I chose to join Shenandoah University because of the doors it opens for my future. I am currently enrolled in the Doctorate of Pharmacy program as well as the Master of Business Administration program. This unique combination of degrees will allow me to achieve management positions as I pursue my pharmacy career. I aspire to begin in the community setting, where my education from the MBA program will help me be a better leader. If given the opportunity, I will use my dual expertise every day to lead and better the pharmacy profession.

Working at a community pharmacist for six years, I have noticed that most improvements form at the top and work their way down. A foundation in business will set me apart from peers and give me the opportunity to make management decisions that will further the pharmacy profession. Not only will I be a healthcare professional but I will understand the mechanics behind the business of pharmacy. The ability to both manage and perform as a pharmacist will allow me to be customer driven and business driven which is essential for the survival of pharmacies.

Shenandoah has become a second family in the short time I have been here. I hope to recreate that same sense of family as a part of Walgreen's. While customers are trending away from face-to-face interaction, we still need to be a place that is welcoming and comfortable for everyone. I am passionate about providing an efficient and positive experience for customers, and know that I would thrive in Walgreen's caring culture.

Thank you for your time and consideration. I look forward to hearing from you soon and discussing my qualifications further. I can be reached at (777)777-7777.

Sincerely,

Kelly Someone
