Ms. Maggie Pelham
HR Coordinator/Recruiting Administrator
Rite Aid Pharmacy
30 Hunter Lane
Camp Hill, PA 17011

Dear Ms. Pelham,

It was a visit by a local pharmacist to my undergraduate college which planted the seed within me to consider applying to pharmacy school. The positive experiences of her career, coupled with subsequent interactions with other pharmacists, led me to pursue a degree in pharmacy at Shenandoah University. While in school, I worked as an intern at a community pharmacy. The time I spent there encouraged me to view community pharmacy as a positive career which could keep me fulfilled as a pharmacist.

My main goal as a pharmacist is to always provide the best care for patients by utilizing my clinical knowledge in various areas of pharmacy practice. As a community pharmacist, I will also serve as a leader to the pharmacy technicians and other team members while being in charge of the pharmacy on a day-to-day basis. My short-term goal is to begin working in a position where I will be directly interacting with patients. My long-term goals include becoming a Pharmacist in Charge, and precepting students to educate and prepare them for a future career.

I am confident I have the work ethic required by your company. As a student, I have been actively involved by holding leadership positions in three pharmacy student organizations: the American Pharmacists Association, the American College of Clinical Pharmacy, and Phi Lambda Sigma Leadership Society. The duties for these positions required long-term planning for the completion of varying projects and events, the ability to prepare and deliver effective presentations, and teamwork skills to engage and encourage other students to become involved in events. I was easily able to balance my academic load with participation in these important organizations.

As a pharmacist, I know I will be able to seize the opportunity to further my knowledge and extend the breadth of my abilities in order to provide the best care for patients. I thank you for your consideration. I look forward to speaking with you further to discuss my qualifications for this position. I can be reached at (777)777-7777.

Sincerely,

Kelly Someone
