

POSTGRADUATE YEAR ONE

Reston Hospital Center Pharmacy Residency Program

PGY1 Residency affiliated with Shenandoah University School of Pharmacy

RESIDENCY OVERVIEW

The PGY1 Pharmacy Residency is conducted by Reston Hospital Center in Reston, Virginia and the School of Pharmacy at Shenandoah University in Winchester and Ashburn, Virginia. Rotations are completed at Reston Hospital Center, an expanding, 247-bed community hospital located near Washington, DC. The purpose of the PGY1 Pharmacy Residency Program at Reston Hospital Center is to build on Doctor of Pharmacy (Pharm.D.) education and outcomes to contribute to the development of clinical pharmacists responsible for medication related care of patients with a wide range of conditions, eligible for board certification, and eligible for postgraduate year two (PGY2) pharmacy residency training. The emphasis of this residency is on the impact of pharmacists and pharmacy leadership on patient care in the hospital setting, through a multidisciplinary approach. Residents gain a well-rounded and real-world experience of providing pharmaceutical care in a community hospital as well as the importance of providing education to patients and other health care professionals. With our affiliation with Shenandoah University, the residents are able to participate in a teaching certificate program and gain experience in lecturing, as well as precepting pharmacy students. Additional opportunities for direct patient care in the ambulatory care setting are available.

HCA – RESTON HOSPITAL CENTER

At its founding in 1968, Nashville-based HCA was one of the nation's first hospital companies. Today, we are the nation's leading provider of healthcare services, a company comprised of locally managed facilities that includes about 183 in 20 states and United Kingdom.

Reston Hospital Center is an expanding, 247-bed, full-service medical/surgical facility that has served the residents of growing western Fairfax and eastern Loudoun Counties for more than 25 years. Reston Hospital offers a full range of medical services, including 24-hour emergency care with level II trauma services and specializes in maternal/child health, surgical services on both an inpatient and extensive outpatient basis, urological services, including lithotripsy, cancer care with state-of-the-art radiation therapy, rehabilitation therapy programs and a wide array of diagnostic imaging capabilities.
